	Do you think the road signs entering the village should be changed from 'Goring' to 'Goring-on-Thames', or left as they are? (Tick one answer.)	Please explain why you gave that answer.
1	CHANGE THE SIGNS	Why was it ever changed? We were Goring-on-Thames, to differentiate us from Goring-by-Sea!
2	CHANGE THE SIGNS	We had a driver ring from Goring-by-Sea as he couldn't find our address! He only came from Reading.
3	CHANGE THE SIGNS	Goring on Thames, not Goring.

35	NO STRONG VIEWS	ON the one hand, the village has been called Goring since the days of the Doomsday Book as has Goring, Sussex. The latter is now known as Goring-by-Sea to differentiate it from Goring in Oxfordshire. On the other hand, one could argue that our Goring should be called Goring on Thames to differentiate it from Goring by Sea. (As we are actually in Oxfordshire, rather than in Berkshire, I would prefer our postal address to be accurate.
36	LEAVE THE SIGNS AS THEY ARE	Waste of money
37	LEAVE THE SIGNS AS THEY ARE	Money would be better spent improving village facilities.
38	LEAVE THE SIGNS AS THEY ARE	At a time when we are seeing a real squeeze on local budgets and in the cost of living, for £2500 of public money to be spent on a road sign that doesn't need change is crass and will be viewed poorly by the less well off members of the village.
39	LEAVE THE SIGNS AS THEY ARE	Not a good use of public money.
40	LEAVE THE SIGNS AS THEY ARE	Have lived in Goring over years and used both forms of address. Do not waste our money!
41	LEAVE THE SIGNS AS THEY ARE	Waste of public funds that could be better spent.
42	LEAVE THE SIGNS AS THEY ARE	Not materially significant to change the name on signs that are fit for purpose. Agree that there must be better use of this money.
43	LEAVE THE SIGNS AS THEY ARE	The village is called 'Goring'
44	LEAVE THE SIGNS AS THEY ARE	Complete waste of public funds when you could spend £5k on children's play equipment etc.
45	LEAVE THE SIGNS AS THEY ARE	I don't thinks this is required at all - it feels like snobbery!
46	LEAVE THE SIGNS AS THEY ARE	Use the money for something more important for Goring.
47	LEAVE THE SIGNS AS THEY ARE	Given answer to question 1, far more pressing monetary needs than this. Give two recent incidents that put females getting off the train in immediate danger, this should be priority.
48	LEAVE THE SIGNS AS THEY ARE	Could the money be used elsewhere? Seems wasteful and not necessary.

52	LEAVE THE SIGNS AS THEY ARE	Signs should show the legal address - Goring Adding "on-Thames" will not improve status or attractiveness of village. It is a complete waste of time and money.

196	NO STRONG VIEWS	
197	CHANGE THE SIGNS	Goring should differentiate itself from Goring-by-Sea and is proud of its riverside location. Finance has been organised, with village residents showing their commitment and enthusiasm, and the cost to OCC public funds is trivial.

200	LEAVE THE SIGNS AS THEY ARE	It seems a waste of money
201	LEAVE THE SIGNS AS THEY ARE	It seems an unnecessary expense. The signs appear to have a lot of life left in them.
202	CHANGE THE SIGNS	I grew up in Goring (on thames!) and live here again now, at this is the first time anyone has drawn my attention to GoT not being the 'official' name of the village! It seems strange to me that the signs don't say Goring On Thames when that is what it is referred to by so many, in so many places. I think it makes sense to change them, especially if funding has been agreed and raised.
203	LEAVE THE SIGNS AS THEY ARE	Given the cost I think these funds would be better spent on more dog waste bins and litter bins in the village

208	LEAVE THE SIGNS AS THEY ARE	Changing road signs would confuse non residents entering the village, especially van delivery drivers. A waste of money given that the postal address and legal village name will not change.
209	LEAVE THE SIGNS AS THEY ARE	In the current financial climate, there would be better use for this money. In addition, the road into Goring down Elvendon Road is the only entrance to the village that has never had any sign of this kind. So one would be welcome.

211	LEAVE THE SIGNS AS THEY ARE	I don't think there is need for the distinction and given the issues of recovering from the pandemic I think it is wrong to be spending money to replace perfectly good road signs. I'm sure other community initiatives are more worthwhile - even if the money goes elsewhere in the county.

405	CHANGE THE SIGNS	I have experience of a confused bus tour guide who thought he was on the south Coast.
406	LEAVE THE SIGNS AS THEY ARE	The name of the village is Goring so surely that is what signs should say. We are quite a long way from the sea - anyone who is relying on a sign as they come into the village to tell them which Goring they are in is already hopelessly lost.
407	LEAVE THE SIGNS AS THEY ARE	If visitors cannot tell the difference between Goring on Sea and Goring on Thames they are obviously in the wrong part of the country.
408	LEAVE THE SIGNS AS THEY ARE	When they need replacing ensure the change is made then, I would rather have a mirror to help drivers pull out of red Cross Road as it is a blind turn!
409	LEAVE THE SIGNS AS THEY ARE	Replacing the signs is completely unnecessary and a waste of money
410	CHANGE THE SIGNS	I think our position on the Thames should be celebrated.
411	LEAVE THE SIGNS AS THEY ARE	Cost too high
412	CHANGE THE SIGNS	I think that the name linkage would be good for the village - as it is a major influence on the character and life of the community.
413	CHANGE THE SIGNS	I think it would be a benefit to the village to link Goring with the River Thames as it such a wonderful amenity for the local community and visitors to enjoy.

		My understanding is that GiB wish the signs to show that Goring is

450	CHANGE THE SIGNS	The Council has already agreed to this, and as GiB has raised half the

539	LEAVE THE SIGNS AS THEY ARE	With 'Goring-on-Sea' always differentiating from 'Goring', there is no point in change to Goring-on-Thames.
540	LEAVE THE SIGNS AS THEY ARE	I think parked cars/vans on the bends of the Wallingford Road before the sign leaving the village to South Stoke are more of an issue which money should be spent on. I have had to pull out around a parked vehicle, completely blind to oncoming traffic, so many times at it is scary. How there hasn't been a major accident there I do not know. You literally have to pull around the vehicle and hope that nothing is coming. Improving this is what money should be spent on, I feel.

591	CHANGE THE SIGNS	I have always known the village as Goring-on-Thames and used this on my correspondence. It would be nice for the village to have its proper identity back.
592	LEAVE THE SIGNS AS THEY ARE	I think there are better uses of funds, and winning the competition for Britain in bloom will not be more likely with that signage change.
593	NO STRONG VIEWS	No need to change.
594	CHANGE THE SIGNS	Don't most people including businesses, use Goring on Thames as their address? Also, it would differentiate us from Goring on Sea. Also athere is a precedent in Oxfordshire with Henley on Thames, Abingdon on Thames, Dorchester on Thames etc.
595	LEAVE THE SIGNS AS THEY ARE	It is a waste of money. The railway station would still be 'Goring and Streatley', so changing signs would add more confusion. The real issue, if any change, is to change from Reading (in Berkshire), RG8 to Oxfordshire with a different postcode. When asking former Parish Councillors as to why they changed the name of the Parish Council to 'Goring on Thames Parish Council', was told that they were led to believe that 1) the village name would change as well; and 2) the road signs would only be changed as they were naturally replaced - that there would be no cost. This past decision by the PC may wish to be further researched?
596	LEAVE THE SIGNS AS THEY ARE	I think it's a waste of money when there are so many other needs.
597	CHANGE THE SIGNS	The tourism businesses mostly use Goring On Thames. Image is important
598	LEAVE THE SIGNS AS THEY ARE	It is wasteful. Hardly anyone will notice the change. The current signs will have to be disposed of too (more waste). The money that has been raised can be used on flowers etc rather than signs! (Much more noticeable!)
599	LEAVE THE SIGNS AS THEY ARE	Replace them as they come up for renewal if that makes sense
—	LEAVE THE SIGNS AS THEY ARE	Pointless. Money better spent elsewhere.
601	LEAVE THE SIGNS AS THEY ARE	If and when the name of the village is changed to Goring-on-Thames then that is when the signs should be changed.
602	LEAVE THE SIGNS AS THEY ARE	As the village name is legally Goring, I do not think it is right to name the village something different.
603	CHANGE THE SIGNS	GiB does great things for our village, I think their wishes should be considered where we can.
604	CHANGE THE SIGNS	The Goring-on-Thames emphasis that it is on the river and is in keeping with other similar town names such as Henley-on-Thames.
605	CHANGE THE SIGNS	Confusion with Goring by Sea
606	CHANGE THE SIGNS	This is what many people call it as it distinguishes it from Goring -on-Sea.
607	LEAVE THE SIGNS AS THEY ARE	Wait until they need replacing and then change to Goring-on-Thames
608	LEAVE THE SIGNS AS THEY ARE	I would support if the legal village name would be changed as well. But £5000 to ad "on-Thames" seems a bit much even if GiB help funding it.
609	CHANGE THE SIGNS	I have always referred to my village as Goring on Thames. It differentiates us from Goring by Sea, near Worthing.

610	LEAVE THE SIGNS AS THEY ARE	I feel this would be a waste of public funds when, as mentioned above, the current signs have plenty of life left in them - I'd have thought that anyone driving into the village would realise they are not in West Sussexor they ought not to be in charge of a car! The change could simply be noted for the time when they do need to be renewed.
611	CHANGE THE SIGNS	That is the name of the village, we are not Goring-by-Sea or Goring Stantonbury
612	LEAVE THE SIGNS AS THEY ARE	No need for this unnecessary cost in changing if signs
613	CHANGE THE SIGNS	It should be Goring on Thames Oxfordshire. Nothing is impossible so change the postal address from Berkshire to Oxfordshire.
614	NO STRONG VIEWS	Seems like quite a trivial issue. Although not much money I'm sure that could be spent elsewhere.
615	CHANGE THE SIGNS	Because it is much more descriptive of Goring
616	NO STRONG VIEWS	I have a slight preference for the change, but this is offset by the probable expense, leaving me neutral
617	LEAVE THE SIGNS AS THEY ARE	Not needed to verify where you are and the money could be better spent on filling potholes, for instance.
618	LEAVE THE SIGNS AS THEY ARE	Money should be spent on more important things
619	CHANGE THE SIGNS	The thames is a focal point for tourists- very helpful for visitors
620	LEAVE THE SIGNS AS THEY ARE	Waste of money which would be better spent on road saftey
621	LEAVE THE SIGNS AS THEY ARE	Don't think there is any value in changing the signs. Also the legal village name is Goring, not Goring-on-Thames.
622	CHANGE THE SIGNS	I would prefer that name on entry to the village.
	LEAVE THE SIGNS AS THEY ARE	Is this a vanity project? I think there are more important things to spend time and money on.
624	LEAVE THE SIGNS AS THEY ARE	I don't think its that important
625	LEAVE THE SIGNS AS THEY ARE	There are MUCH more important issues to spend money on - if our PC is that well off, please give to an area that is in need! Really!
626	CHANGE THE SIGNS	We should be distinguished from Goring in Sussex. We should use Goring - on - Thames as part of our postal address.
627	CHANGE THE SIGNS	Possible confusion with Goring on sea!
	CHANGE THE SIGNS	Goring-on-Thames has been in common use for centuries. It is incorporated in legal documents, registered company names, all the other significant village signs use Goring-on-Thames, it is in line with other significant communities on the Thames such as Henley. It differentiates us from Goring by Sea and the Parish council is called Goring-on-Thames
629	LEAVE THE SIGNS AS THEY ARE	£5000 would be better spent on improving facilities for children and young people in public spaces in and around Goring.
630	CHANGE THE SIGNS	Make a connection to the river
631	LEAVE THE SIGNS AS THEY ARE	Absolute waste of money to change! No reason to change the name.

632	CHANGE THE SIGNS	I think it provides a nice context to the village and as the narrative says strengthens the links to the river. I firmly believe that the actual legal village name should be changed to Goring on Thames, Oxfordshire. We are not part of Reading and the association is confusing for visitors.
633	CHANGE THE SIGNS	It would enhance the entrance to the village making clear its unique position alongside the River Thames in the Goring Gap, providing an important distinction from Goring by Sea. If this later can be called 'by sea' we should be called 'on Thames,
634	CHANGE THE SIGNS	It is bizarre that the PC is called Goring on Thames but the village is not. Apart from differentiating from Goring on Sea, it is an appropriate descriptor for the village. It is a marginal cost for Highways.
635	LEAVE THE SIGNS AS THEY ARE	Money could be better spent on much more important things that have real impact on people of the village
636	CHANGE THE SIGNS	Goring-on-Thames differentiates us from the other Goring in the UK and is a better description of our location.
637	CHANGE THE SIGNS	My reason for this is because packages just marked Goring have been known to be directed to Goring on Sea so creating postal delays and the like. We are lucky to live in a very nice area and this could be represented by having a complete address (Goring-on-Thames).
638	LEAVE THE SIGNS AS THEY ARE	This seems very wasteful - why get rid of perfectly good signs?
	LEAVE THE SIGNS AS THEY ARE	Goring is the authentic name derived from the village's listing in Domesday.
640	LEAVE THE SIGNS AS THEY ARE	Waste of money which could be used in other areas of the village. There is no confusion with Goring by Sea because of logistics.
641	LEAVE THE SIGNS AS THEY ARE	The official name of our village is 'Goring' - I suggest we leave it at that.
642	LEAVE THE SIGNS AS THEY ARE	It is not necessary and also a waste of money. We should stick to the correct name for the village. ie Goring. It is obvious that we do not live in Goring-on-Sea!!
643	CHANGE THE SIGNS	Many places say 'on-Thames'. Deliveries have been made to Goring-on-Sea!

688 เ	LEAVE THE SIGNS AS THEY ARE	The "on-Thames" (would it include a hyphen - or not?) suffix is an unnecessary affectation. With or without a hyphen it is sure to be misspelt by about 50 per cent of people who write it. No local person says he or she is "going to Goring-on-Thames" to have a haircut or buy crisps; they will always say just "Goring". It is also wasteful of resources. Think of the infinitely greater amounts of printing ink and toner that would be consumed over the ages by the inclusion of two unnecessary extra words in text or address labels. Keep "Goring".
1 689	NO STRONG VIEWS	I would prefer Goring-on-Thames. However, I can understand why some people might want to wait until the current signage needs replacing to make the change.

700	LEAVE THE SIGNS AS THEY ARE	Is there money to waste on this?
701	NO STRONG VIEWS	It does sound un-necessary, but I've heard that 5k isn't a great sum of money in the scheme of parish council budgets. If enough residents feel strongly, let them have their fun.
702	LEAVE THE SIGNS AS THEY ARE	Would create confusion with inconsistencies between signs & legal village name. Inappropriate use of OCC public monies. Would prefer the monies spent of repairing potholes
703	LEAVE THE SIGNS AS THEY ARE	This would be a ridiculous and inexcusable waste of money. The 'on-Thames' suffix is a pretentious and really rather excruciating attempt at appearing upmarket. I very strongly object to public money being used in this way.

709	LEAVE THE SIGNS AS THEY ARE	I see no strong need to make any change
710	NO STRONG VIEWS	Depends on who is paying for the change. I don't think council funds should be used.
711	LEAVE THE SIGNS AS THEY ARE	Changing the signs serves no useful purpose. The village name has been 'Goring' for centuries and there is no need to change it. In fact it is arrogant to do so. Ordnance Survey and other maps and signposts will continue to use 'Goring' and this would give rise to confusion. A change to incorporate winning a particular award would soon be out of date and if this information were deemed necessary it could be added on a subordinate sign, which could easily be amended or replaced as necessary. The vanity project would use taxpayer money which is better spent elsewhere.
712	CHANGE THE SIGNS	Yes, definitely, it make more sense to clearly define the name and remove the confusion with goring on the sea
713	LEAVE THE SIGNS AS THEY ARE	it's expensive and unnecessary to change the signs, the money could be used in a better way for more important things
714	LEAVE THE SIGNS AS THEY ARE	I can't really see that in today's world this is a good use of public money. If someone arrives at the boundary of the village thinking this is Goring on Sea they have bigger problems than the signage. I also think the signs ought to reflect the correct legal name of the village rather than one some might like to use.

715	CHANGE THE SIGNS	The Parish Council itself found there was a need a few years ago to become Goring on Thames Parish Council - therefore I believe the Council should actively support this initiative. There is a need to differentiate between Goring on Thames and Goring-by-Sea. Goring on Thames is nicely descriptive of the village.
716	CHANGE THE SIGNS	It is a much nicer sign and in the sign let's people know we are on the Thames
717	NO STRONG VIEWS	No strong views
718	CHANGE THE SIGNS	Fully support this approach. It provides the village with excellent identity linked to one of its key features and would be fitting of the quality of the village.
