## **Application to OCCH for SIDs throughout the village of Goring**

Subsequent to a village walkabout with an OCCH representative, and implementation of the 20mph limit in the village, this document details the proposed locations of poles/solar panels for 2-off moving SIDs or SLR's

In addition, a resident has asked for a sign near their home in the 30mph zone, they have indicated they may be willing to fund this, but as it will be a 30mph sign, it would not be suitable to move to other locations in the village and would therefore need to be a permanent installation.

High Street, west of the Miller of Mansfield, heading toward to the village.

A new solar powered pole.

Appendix A

**High Street, Outside Social Club, heading toward village centre.**

Cantilever on current pole:

**UNSURE HOW-TO POWER?**

## Wallingford Road – Opposite Milldown Road.

Replace Current Sign – use lamp power

## Wallingford Road – Opposite Waltham Court.

Replace Current Sign – use lamp power – add cantilever to clear bushes, which are now much larger

**Reading Road – East of Entrance to Whitehills Green.**

New Solar Powered Pole – with cantilever?

**Cleeve Road – North of Entrance to Nuns Acre.**

Powered off the Street lamp – with cantilever?

## Reading Road – Near Burial Ground – 30MPH

Stand alone, solar pole, with 30mph permanent sign.

## Proposed Signs

Messagemaker Display sign is easily the best 'fit' for the conservation area as it ticks most of the good practice points (simple design, not visually intrusive, no bright yellow, black front and back), as long as it meets the Council's technical requirements

Propose either their SID or SLR design.

### **Summary – 20mph zone**

- 2-off new poles with solar power.
- 1-off cantilever off current road sign – unsure how to power – add solar?
- 2-off replace current sign – add cantilever for one.
- 1-off new lamp post connection.

Total 6 locations

Proposed 2 roving signs.

### **Summary – 30mph zone**

- 1-off new pole with solar power.

Total 1 locations

Proposed 1 permanent signs.
