

Appendix A

The Elvendon Noticeboard is very rusty and magnets no longer stick, it leaks and is in poor condition for a village information point. I have looked at commercial grade options suitable for mounting on posts in all weathers. The main decision is whether to go for reinforced vandal resistant glass or plexiglass plastic clear front covers. All are the same size as the old one, silver aluminum frames, magnetic back plates, weather proof seals and locks.

PVC Plexiglass : GreenBaines AF30 £278.69 delivered plus VAT

SAN UV Resistant front panel : Boards Direct £230 delivered plus VAT

Toughened glass Notice me professional £299.90 delivered plus VAT

The screenshot shows the GreenBaines website product page for the 'A1, AF30 aluminium noticeboard (Ref: AF30/A1)'. The price is listed as 'From: £228.74 (excl VAT)'. The product description states it is a single-bay, A1, external, AF30 aluminium noticeboard, portrait format, glazed, and can be wall, post or railing-mounted. It has overall dimensions of 750mm wide x 1050mm high and a display capacity of 9 x A4 sheets. The page includes an 'INFO' section with a 'Read more' link, a 'BUY' section with a 'Choose your options' link, and a 'LOAD' section with a 'Retrieve previously saved quotations' link. The SKU is AF30/A1 and it is categorized under AF30 aluminium noticeboards, Aluminium Noticeboards, and External Noticeboards. The browser's taskbar shows the date as 04/07/2023 and the time as 14:52.

The screenshot shows the Boards Direct website product page for the 'Indoor/Outdoor Lockable Whiteboard'. The price is listed as '£276.00 Inc Vat' and '£230.00 Excluding Vat'. The item lookup code is SC59A4. The size is selected as '9 x A4' and the quantity is '1'. There is an 'Add to cart' button. The delivery is estimated at '7-10 Working Days'. The description states it is an economical solution for indoor and covered outdoor use with a single rubber gasket to prevent water ingress. The browser's taskbar shows the date as 03/07/2023 and the time as 15:58.
