

Dear Colin,

I am the Chair at Goring Heath Parish and at our meeting last week it was suggested that I contact you with a request for some collaboration.

At our Parish meeting last week we were discussing our speed watch campaign and our problem with getting enough volunteers.

We have a very active organiser but he struggles to find enough helpers.

We understand that Goring does not have a Speed Watch group and wondered if you would be interested in joining forces to share this initiative. Do you think there is any interest in Goring for this? If we ran a joint team they could cover some of your roads and some of ours- we currently have , I think, about three places where we carry out monitoring.

If you think there might be some scope for some cooperation perhaps you could call me to discuss it?

I look forward to hearing from you.

Liz Collas

Chair Goring Heath Parish Council
