Public Session – Prior to the Start of the Meeting

On P20/S2488/FUL The following points were made: the estimated traffic volumes did not take account of actual volumes at peak times; traffic speeds are consistently higher than the speed limit and additionally, on Springhill Road, parked cars and the narrowness of the road reduced both drivers' and pedestrians' visibility; controlled pedestrian crossings would be preferable to uncontrolled crossings on the Wallingford Road and on Springhill Road; visibility at the Springhill Road/West Way junction was poor because of parked cars. Additional measures were therefore needed to improve safety.

On P24/S0231/HH It was pointed out that the site had now been extensively cleared and there were concerns that a future application would be made for two houses on it.

Two new garden rooms.

It was noted that, in an AONB, permitted development for buildings more than 20 metres from the house is limited to 10 square metres, and that this might be taken as an indication of the acceptable scale for developments unless there were other factors that would outweigh that.

Resolved: Approved unanimously to submit the response **OBJECT** on the grounds that the two buildings would exceed the permitted development limits in an AONB.

Residential development of 44 dwellings including demolition of 43 Springhill Road, vehicular and pedestrian accesses, play area, public open space and associated landscaping and earthworks.
