

**NOTICE OF MOTION TO COUNCIL**

To be referred to Committee (if yes, specify which committee)	Yes/No
Title of Motion	Replacement of Secondary Village Entrance Signs
Proposed by	EWG
Proposed Resolution	<p>The Environmental Working Group seek full council approval to replace three secondary village entrance signs. The locations are as follows;</p> <ul style="list-style-type: none"><li>• Wallingford Rd by Spring Rd</li><li>• Reading Road by Cemetery</li><li>• Goring Bridge opp The Swan</li></ul>
Background (provided by the proposer)	<p>Each of three village entry sings has a secondary sign that refers to an award won many years ago with out-of-date wording and worn/missing logos. As the village has won more recent awards it is felt appropriate to replace obviously outdated signage with something more appropriate and less date specific.</p> <p>There are currently only two signs present (Wallingford Rd is missing) We propose the new secondary signs contain the following wording “RHS Britain in Bloom, UK Best Small Town &amp; Gold Awards Winner” please see artwork below.</p> <p>The cost of manufacturing, installing and traffic management (for Wallingford Road) will be in the region of £2,400.</p> <div data-bbox="787 1444 1416 1633" data-label="Image"></div>
Financial implication (anticipated by the proposer)	<p>A total of £2400 is anticipated based on: 3 x signs @ £182 ea = £546 £910 Traffic management for the Wallingford Rd sign 3 x £306 Installation = £924 Total + £2380. Please note the installation and traffic management costs will be re-incurred when the primary signs are replaced.</p>
