

REQUEST TO ATTACH THE GAP FESTIVAL BANNERS TO GORING BRIDGE

The GAP Festival has 8 small banners which have traditionally been flown from the 8 lampposts on Goring Bridge before and during the GAP Festival.

An image taken during the Festival in 2022 shows how the banners were attached above the hanging baskets on the Bridge. The Festival has its own brackets, which have been manufactured specifically for these attachments.

These banners complement the 8 banners which will be flown from individual shops along the High Street.

Unfortunately, this request was omitted from the previous submission covering Rectory Garden.

Permission is requested from Goring PC to fly the 8 banners from the lampposts on Goring Bridge from Friday 17 May 2024 until Monday 17 June 2024.
