

Finance Committee

Report to Council September 2024

1 New Cost Centres and Cost Codes

The following cost centre and code changes were made to enable our accounting package (Scribe) to report which spend was from Earmarked reserves (EMRs), and to keep track of CIL expenditure from EMRs.

New cost centre 800 EMRs – non-CIL was set up. Corresponding changes to cost codes – all with zero budget – are:

- 6105 Playgrounds new Equipment renumbered and renamed to 8105 Playgrounds new Equipment EMR
- 6120 Sheepcot Improvements renumbered and renamed to 8120 Sheepcot Improvements EMR
- 6170 Street Light replacements renumbered and renamed to 8170 Street Light replacements EMR
- New code 8210 Tree work EMR
- New code 8250 Environmental projects EMR

New Cost centre *900 EMRs – CIL* was set up. Corresponding changes to cost codes – all with zero budget – are:

- 1020 CIL receipts renumbered to 9020 CIL receipts
- New code 9060 Pedestrian safety Projects CIL EMR
- New code 9105 Playgrounds Equipment CIL EMR
- New code 9120 Sheepcot Improvements CIL EMR

2 Renamed cost codes

To distinguish EMR from non-EMR expenditure the following cost codes were renamed:

- 6060 Pedestrian Safety Projects renamed to Pedestrian Safety Projects (non EMR)
- 6210 Trees renamed to Trees (non EMR)
- 6250 Environmental projects renamed to Environmental projects (non EMR)

3 Other cost code changes

To see the cost of street light electricity separately form street lighting in general the following changes have been made:

- 6160 Street lighting renamed to Street lighting except Electricity
- New code 6180 Street Lighting Electricity

For a more appropriate Cost centre 3005 *Office relocation* under Cost centre 300 *Administration* was renumbered to 6095 *Office relocation* under *Cost centre 600 Facilities*.

4 Cost code budgets

£2,500 of the budget for 4060 staff costs has been moved into 5060 WHBG staff costs to make it easier to compare income and expenditure from the Burial Ground.

The budget that was in 6160 Street lighting has been split equally, with £12,500 in each, between 6160 street Lighting – except electricity and 6170 Street lighting – electricity.

As there will be no expenditure on 3000 *Office rent* in the 1st six months of the FY half of the full year £7,000 budget allocated for this was vired to other cost codes to avoid overspends in other codes. The codes increased were:

- 3100 Rates and Taxes by £700
- 4010 Audit and Accountancy by £600
- 5010 WHBG general maintenance by £100
- 6010 Car Park by £1,100
- 6095 Office relocation by £1,000

5 Expenditure to end of August

The end of August took us to the end of the 5th month of the FY and the budget report from 1 April to the end of August report is attached – two pages of *Summary of Receipts and Payments* and one page of *Reserves Balance*.

If income and expenditure both occurred at a uniform rate (not true) and the budgets were all perfectly estimated (not true) then in 5 months we should expect to have spent/received 42% of our budget in each cost code in *Summary of Receipts and Payments*. Of course this is never the case, so the finance committee particularly monitors cost codes that are in danger of becoming overspent.

Instances where we have less than 58% of the budget left after 42% of the year are highlighted in red in the *Summary of Receipts and Payments*, with an explanatory note in some cases.

6 Budget for 2025-2026

As Autumn approaches Finance Committee must start thinking about a recommended budget and precept for FY 2025-6.

Committees, working groups and members should think if there is any non-routine expenditures they anticipate in the FY Apr 2025-Mar 2026.

Please send details (amount and reasons) to the Finance Committee chair so that the information can be taken into account in due course.

Any major non -routine expenditure anticipated in the FYs Apr2026-Mar2027 and Apr2027-Mar2028 should also be noted as we hope to make an attempt at a 3-year forward look budget.

Jim Emerson (Chair)
