

Welcome to the Meeting of the Parish

We hope you like the new format and enjoy the event. Please take your time to visit all the clubs and societies that interest you and do please speak to the councillors about what we have been up to.

The parish council stand is at the back of the Belleme Room and is where you can find out about what we have been doing, including:

- The plans for new playgrounds at both Gardiner and Bourdillon
- The agreement to sell our old offices to the Goring Surgery to allow it to grow and provide better services to residents.
- Our office moving into the community centre to free up space in the Gardiner Pavilion for sports clubs.
- The improvements to the boundary at Sheepcot
- The ideas for better facilities at Sheepcot including the pavilion, car parking and an all-weather pitch.
- The plans to allow natural burials on our burial ground.
- Plans for a jetty for Thames boat services to call and a launch area for canoes and paddle boards.
- The speed reduction changes we are making, including “smart signs” at the school that know when it is term time.
- The Pedestrian Priority Lane we are introducing at the station car park.

If you can't see information about the things that interest you, please ask one of the councillors. They'll be wearing their badges.

Enjoy the Event

Let Us Know What You Think

Please tell us which of our future plans you think we should prioritise and which we should stop.

Priority – please rank from 1 (most important) to 9.

Put an X in the stop column if you don't want a project.

	Priority	Stop
Selling the parish council offices to the surgery	<input type="radio"/>	<input type="radio"/>
New Playgrounds	<input type="radio"/>	<input type="radio"/>
Improved pavilion at the Sheepcot	<input type="radio"/>	<input type="radio"/>
An all-weather pitch at the Sheepcot	<input type="radio"/>	<input type="radio"/>
Canoe and paddle board launch at Ferry Lane	<input type="radio"/>	<input type="radio"/>
Increased parking at Sheepcot	<input type="radio"/>	<input type="radio"/>
Further pedestrian safety measures	<input type="radio"/>	<input type="radio"/>
A music stage in the Rectory Gardens	<input type="radio"/>	<input type="radio"/>
Electric charging points for cars	<input type="radio"/>	<input type="radio"/>
