In response to the idea of establishing a 'Super Users Group' to report potholes it was agreed that the way to take this forward would be to put an article in the Goring Gap News (GGN) to see if there was sufficient interest from residents in forming a Group. Cllr Thurston had analysed the data from the speed surveys recently completed and suggested contributing this to the GGN. It was agreed that the Chair of the Communications Committee should advise on the timing and content of contributions to the media.

On the enforcement of parking restrictions, information on the numbers of patrols and notices issued had been provided; it was agreed that the Assistant Clerk should arrange a meeting in the New Year with the responsible officer in OCC Highways and the contractor running the parking patrols.

The Chair asked the Assistant Clerk to identify the appropriate contact in OCC to action the proposal to establish the Lockstile Way- Bourdillon Field Path as shared use for pedestrians and cyclists. Action: Assistant Clerk.
