

Appendix AH

A pennant flag (also commonly used in smaller sizes as bunting) could be mounted on each ladder bar so a pair per bridge light. We have red/white/blue baskets elsewhere as a VE theme for 2025 so union jack could be an option. Plain bright or pastel colours are easily available with a budget under £50

Or we could have bespoke printed ones in the triangle or square pattern but these would take around three weeks and a bigger budget so maybe something to consider for 2026. Sample below, budget circa £100
