

Neighbourhood Plan Monitoring Annual Report

1 Introduction

The Goring-on-Thames Neighbourhood Plan (Plan Made -July 2019) is downloadable as 2019-10-28-Goring-NP-made-version-compressed.pdf via the 'Goring Neighbourhood Plan' link at

www.southoxon.gov.uk/south-oxfordshire-district-council/planning-and-development/local-plan-and-planning-policies/neighbourhood-plans/emerging-neighbourhood-plans/goring-neighbourhood-plan/

The Monitoring framework is laid down starting on page 119 as follows.

'14.3 Monitoring framework

The Plan contains 20 policies in areas of housing need, site allocation and site-specific requirements, landscape and biodiversity, environmental impact, building design, heritage and conservation, social infrastructure, traffic congestion and parking, and the local economy. The implementation of these policies should be monitored on a continuous basis.

To ensure effective monitoring, a draft framework has been defined in the SA, setting out key targets and measures/indicators for each policy. This will be used to assess the performance of the Plan over its course up to 2033 and will help to address questions such as:

- Are policies achieving their purpose and in particular are they delivering sustainable development?
- Have policies had unintended consequences that were not originally anticipated?
- Are the assumptions and objectives underpinning the policies still relevant and applicable?
- Are the targets, measures or indicators being achieved?

Ongoing monitoring of this framework will give a clear indication of the effectiveness of the Plan. Where policies are ineffective, an early review will be undertaken to inform the actions that need to be taken to address the issues. In addition, GPC will review progress of the Plan at its Annual Council Meeting and publish a monitoring report for the residents of Goring.

The detailed monitoring framework including targets, measures or indicators, the responsible bodies and frequency of monitoring in relation to each Plan policy will be outlined in the Sustainability Appraisal Adoption Statement issued by the district council.'

2 Adoption statement

The Sustainability Appraisal Adoption Statement is downloadable as 2019-08-01-Goring-on-Thames-NP-SA-Post-Adoption-Statement.pdf via the 'SA/SEA Adoption Statement' link at the url above.

Page 74 starts

'The following table provides a summary of the monitoring framework, which will be used by GPC to monitor the Plan. It includes key measures or indicators of success, identifies the authority involved in the implementation of policies and the timescale of progress reviews. It also highlights where CIL money should be prioritised to support the policy or action.'

And then has a table covering 20 Policies (P.01 to P.20) and 10 Actions (A.01 to A.10)

3 Process

The Table was imported into two Tables, one for Policies and one for Actions, and a final column labelled Monitoring Notes added to each. The status of each Action, or Policy, was entered into the Monitoring Note column. These notes have been reviewed and updated by the Planning Committee.

The two spreadsheets form the remainder of this document which contains the meat of the Report.

Goring-on-Thames Parish Council - Neighbourhood Plan Monitoring Report - Policies - May 2025

Policy Number	Policy Title	Measure, Indicator of Success or Key Milestones	Body Responsible for implementation of Policy	Timescale for Review	CIL or other funding required	Monitoring notes
Housing need						
P.01	Number of dwellings to be allocated.	Approximately 94 dwellings to be delivered on the five allocated sites (including 1 reserve site) during the plan period.	GPC Planning Committee and SODC Planning	Ongoing	No	<p>On track to achieve 91 dwellings on four sites (including the GNP 6 'triangle' on Wallingford Rd), including the development of GNP8 (the reserve site) in lieu of GNP10 which has been retained for commercial use:</p> <ul style="list-style-type: none"> -GNP2 - Completed 14 dwellings built 2022; -GNP3 - 20 houses being built, 13 completed by April 2025 including 8 affordable houses, remaining 7 in summer 2025; -GNP6 - main site 44 dwellings. Approved by SODC Planning Committee in November 2024, planning permission pending (P20/S2488/FUL) awaiting 106 agreement; -GNP6 - triangle planning permission granted for 3 houses (P22/S2363/FUL). Build expected to start in 2025; -GNP10 - Intended for approximately 14 houses in the NP currently retained for commercial use; -Reservesite GNP8, planning permission applied for 10 houses following pre-app advice from SODC. Expected to be granted in 2025 (P24/S2193/FUL). <p>Policy factored into GPC planning decisions on relevant applications.</p>
P.02	Infill	All new planning applications for infill sites adhere to this policy and the other policies in the Plan.	GPC Planning Committee and SODC Planning	On submission of all relevant Planning applications	No	
P.03	Housing Mix	New builds on allocated sites in Goring will include at least 80% 1, 2 or 3-bedroom units including low cost/affordable accommodation and properties suitable for older people, built to accessible and adaptable dwelling standards (or built to lifetime living standards).	GPC Planning Committee and SODC Planning	Ongoing	No	<p>GNP2: compliant - 4x2-bed, 10x3-bed = 100% 1-3-bed. GNP3: compliant - 9x2-bed, 8x3-bed, 3x4-bed = 85% 1-3-bed GNP6 main site: compliant - 27 market (7x2-bed, 11x3-bed, 4x4-bed, 5x5-bed), 17 affordable (4x1-bed, 11x2-bed, 2x3-bed) => 80% 1-3-bed GNP6 triangle: planning permission compliant as only 3 houses. GNP8: planning application compliant.</p>
P.04	Housing for the elderly	Development of independent living for older people in mixed-age residential areas and development of purpose-built housing for people aged 55+and/or 75+ will only be supported where it can be shown that existing specialist provision in Goring: *Has fallen below the proportions recommended by Oxfordshire County Council in the Strategic Housing Market Assessment operating at the time; and *Does not have sufficient capacity to meet demand from local residents.	GPC Planning Committee and SODC Planning	Ongoing	No	No such applications have yet been submitted.
P.05	Affordable housing	On all sites where there is a net gain of 6 or more dwellings at least 40% will be affordable.	GPC Planning Committee and SODC Planning	Ongoing	No	<p>GNP2: compliant - paid £320k (see P18/s2308/RM Decision Notice), GNP3: compliant - 40% affordable. GNP6: main site planning application compliant: 17/44 = 39% affordable GNP8: 4/10 planning application compliant GNP6 triangle: 0/3 affordable.</p>
P.06	Allocated site GNP2	The approved Master Plan for this site includes the site specific requirements defined in this policy.	GPC Planning Committee and SODC Planning	Ongoing	No	Site completed in accordance with NP and SODC Decision Notice.
P.07	Allocated site GNP3	The approved Master Plan for this site includes the site specific requirements defined in this policy.	GPC Planning Committee and SODC Planning	Ongoing	No	Site under construction in accordance with NP and SODC Decision Notice.

P.08	Allocated site GNP6	The approved Master Plan for this site includes the site specific requirements defined in this policy.	GPC Planning Committee and SODC Planning	Ongoing	No	The whole site envisaged in NP has been submitted in two planning applications with different developers. Note that SODC have considered these two applications separately in their evaluations, the consequence being a reduction of one less affordable unit.
P.09	Allocated site GNP10	The approved Master Plan for this site includes the site specific requirements defined in this policy.	GPC Planning Committee and SODC Planning	Ongoing	No	GNP6 - main site, 44 houses - planning permission pending (P20/S2488/FUL) GNP6 - triangle, 3 houses - planning permission granted (P22/S2363/FUL)
P.10	Reserve site GNP8	The approved Master Plan for this site includes the site specific requirements defined in this policy.	GPC Planning Committee and SODC Planning	Ongoing	No	Site retained for commercial use and currently not available for housing development.
Landscape and biodiversity						
P.11	Conserve and enhancing Goring's landscape	No new planning applications are approved unless they adhere to this Policy and the other policies in the Plan.	GPC Planning Committee and SODC Planning	On submission of all relevant Planning applications	No	Policy being taken into account for all planning applications reviewed by GPC Planning Committee.
P.12	Conserve and enhance biodiversity	All new planning applications demonstrate a net gain in biodiversity and include management plans to ensure biodiversity features are sustainable.	GPC Planning Committee and SODC Planning	On submission of all relevant Planning applications	No	This is included in the site specific conditions for each allocated site - see P.06 to P.10. These gains have been demonstrated for GNP3 and the GNP6 triangle to the satisfaction of SODC.
Environmental impact						
P.13	Light pollution	All new Planning applications adhere to this Policy.	GPC Planning Committee and SODC Planning	On submission of all relevant Planning applications	No	This has been adopted for GNP2 and GNP3 and is being taken into account in the planning applications for GNP6 and GNP8.
P.14	Air quality pollution	All new Planning applications adhere to this Policy.	GPC Planning Committee and SODC Planning	On submission of all relevant Planning applications	No	No pollution source have been identified.
P.15	Water, sewage and drainage	All relevant Planning applications adhere to this Policy.	GPC Planning Committee and SODC Planning	On submission of all relevant Planning applications	No	This condition is checked by SODC.
Building design						
P.16	Building Design principles	All new Planning applications adhere to this Policy and adhere to the SODC and Chiltern Design Guides.	GPC Planning Committee and SODC Planning	On submission of all relevant Planning applications	No	Reliant on Thames Water to confirm to SODC that this condition is met.
Heritage conservation						
P.17	Historic environment	Any planning applications involving designated heritage assets and their setting include plans to conserve and enhance them.	GPC Planning Committee and SODC Planning	On submission of all relevant Planning applications	No	No such applications have yet been made.
Social infrastructure						
						GPC takes this policy into account in its comments on all planning applications and then relies on SODC to ensure that this condition is met.

P.18	Open Space, sport and recreation in new residential development	All new Planning applications adhere to this Policy.	GPC Planning Committee and SODC Planning	On submission of all relevant Planning applications	No	GNP6 will include a new childrens playground.
						To support the increase in population and change of demographics with more younger people in the village, GPC will use a combination of CIL, grants and fund raising to improve communal sports facilities. Plans are being advanced for new improved facilities on the three main recreation grounds in Goring, namely Bourdillon, Gardiner and Sheepcot: - Bourdillon, a new expanded childrens playground is being implementation and will be in serviced during the summer 2025. - Sheepcot, plans are being produced for an enhanced pavillion to improve facilities for football and tennis clubs. - Gardiner, plans for enhancing the existing childrens playground will be progressed in 2025 following the successful implementation of the new playground on Bourdillon.
Traffic - congestion and parking						
P.19	Adequate parking within new developments	Routine monitoring of parking provision in Planning applications. All new Planning applications adhere to this Policy.	GPC Planning Committee and SODC Planning	On submission of all relevant Planning applications	No	Adequate is defined as 'at least in line with Local Plan guidelines'. All allocated sites are compliant with this policy and GPC Planning Committee takes this into account for all planning applications it reviews.
Pedestrian and cycle routes						
P.20	Walking and cycling	Where possible, new Planning applications adhere to this Policy.	GPC Planning Committee and SODC Planning	On submission of all relevant Planning applications	No	GNP2 and GNP3 are compliant. It is a key consideration in the GNP6 planning application (with the pedestrian/cycling link to Springhill Rd).

Goring-on-Thames Parish Council - Neighbourhood Plan Monitoring Report - Actions - May 2025

Action Number	Action Title	Measure, Indicator of Success or Key Milestones	Body Responsible for implementation of Policy	Timescale for Review	CIL/other funding required	Monitoring Notes
Neighbour Plan section 10 - Heritage and conservation						
A.01	Conservation Area appraisals	<p>Conservation Area appraisals will be undertaken and management Plans prepared to ensure future development is sensitive and appropriate.</p> <ul style="list-style-type: none"> * This action calls for engagement between GPC and the responsible body, South Oxfordshire District Council, and Historic England to undertake Conservation Area Appraisals for Goring and Gatehampton Conservation Areas; * Management Plans will be developed for their preservation and enhancement. <p>Resources to address this action will be sought via SODC, in accordance with emerging Local Plan 2033 Policy ENV6.</p>	SODC in conjunction with GPC	Annual at GPC annual general meeting	This is an existing responsibility of SODC	<p>2024 update – a complete Conservation Area Appraisal draft was submitted to SODC in September 2023, where it has since been progressing through their internal procedures. It now awaits public consultation and this is expected to happen imminently in early - mid 2024.</p> <p>2025 update</p> <p>Goring's draft Conservation Area Appraisal was received by SODC in Sept 2023 and, after discussion with officers and some minor amendments, the text was transferred into SODC's template and declared ready for public consultation in early 2024. Nothing happened and after repeated enquiries over several months we were told nothing could be done to hasten the consultation as the 'consultation team' were occupied elsewhere. We were told the earliest date we could expect for consultation would be Spring 2025 and that Goring's appraisal was in a queue of appraisals. Since then, nothing has happened, no appraisals seem to have been processed.</p> <p>From SODC's website, of 72 conservation areas, only 28 have appraisals. Of these, none were completed in 2024, 3 in 2023, and none between 2020-2022. Only 9 were completed between 2010-2019, and 11 between 2000-2009. Historic England notes that: "Local planning authorities must review their conservation areas from time to time (section 6(9)(2) of the Planning Listed Buildings and Conservation Areas) Act 1990)." (Conservation Area Appraisal, Designation and Management Historic England Advice Note 1 (Second Edition) 2019.)</p> <p>In the meantime, planning applications frequently challenge the integrity of the conservation area and its historic assets but the draft appraisal carries no planning weight. Parish Councillors and Planning Officers have their hands tied. For example, a recent application threatened to damage a historic Victorian wall characterising late 19C Goring and alterations to architectural features of some non-designated historic assets have reduced their visual value.</p> <p>A further major challenge lies ahead to secure the future for the Saunders Boathouse on High St. This has been vacated and is for sale. An application for its admission to the National Heritage List for England (NHLE) has been made and a decision on this is imminent.</p>

A.02	Protecting and repurposing historic assets	Finding new uses for old buildings; listed and unlisted, will protect them and ensure they bring environmental, social and economic benefits for Goring. Listed and unlisted heritage assets should be identified and formally recorded and added to the new locally Listed Buildings List proposed by SODC, noting their history, assessing their role and value, for example as part of a heritage cluster, a character area or a view. GPC will liaise with SODC, Historic England and local volunteer groups for example, Goring Gap Historical Society and the Goring and Streatley Amenity Association to achieve this. This action will encourage: <ul style="list-style-type: none">* Investment in and/or enhancement of buildings and/or spaces between them;* Consideration of potential future uses for vulnerable buildings, for example, conversion of upper floors to flats, or a home for a local museum which would add value to the growing tourism and hospitality economy of the village.	GPC and volunteers	Annual at GPC annual general meeting	2024 update - One particularly important historic building in the Goring Conservation Area, the Hobbs/Saunders Boathouse, has recently been vacated by Royal Mail. The largest part of the building, the 'showroom,' used by Royal Mail as a delivery office, may therefore be seeking a new tenant and new use this year. The boathouse complex is proposed in the CAA draft as a Non-Designated Historic Asset (NDHA) which would give it a degree of protection from external alteration, as will its local status. This is a lesser degree of protection than national listing. Steps have already been taken by the Goring Gap Local History Society and The Oxfordshire Building Record to record the building in detail in preparation for a possible listing application.
Neighbourhood Plan section 11 - Social Infrastructure					
A.03	Co-ordinated use of village hall and room facilities	The Plan proposes that a full evaluation be carried out of the level and nature of present use of the different hall and room facilities leading to the development of a coordinated booking system making all sites accessible through a single point of access. At the request of GPC this process could be led by the Goring and Streatley Amenity Association.	GPC and Amenities Association plus external expertise	No longer reviewed.	Yes, from CLI and other sources if Hall was not supportive. <u>There is currently no plan to progress this Action.</u>
A.04	A Plan for the future of the school	A strategic project should be initiated to determine any need for upgraded, extended or new facilities in Goring Primary School and the best way to provide these. Subject to consultation, the preferred option should be put forward in a planning application to the relevant Planning Authority if appropriate or as part of a subsequent iteration of the Plan.	School Governors, Diocesan Board of Education, GPC, SODC, Oxfordshire County Council	Annual, and also strategic project monthly progress report	2024 update - this strategic project ran for sometime but as no planning application was appropriate it has now been wound up. <u>There is currently no plan to progress this Action.</u>
A.05	Consider space needed for medical practice	It is not within the scope of the Plan to propose a policy for the Medical Centre but consideration of the relocation of GPC Office and the consequent availability of additional space for the Medical Centre should be reviewed between the parties and agreement on whether to develop a scoping appraisal.	OCC and Medical Centre.	Annual at GPC annual general meeting	2025 update - The GPC office in Red Cross Rd has now been vacated and it's potential sale to the Medical Centre is being pursued by GPC and the Medical Centre.

A.06	Improving village centre congestion and safety	This action has already been initiated by GPC and is ongoing	GPC and OCC	Ongoing, monthly at GPC meeting	Yes, from CIL and other sources if CIL funds are inadequate	2024 Update The Traffic Management, Parking and Pedestrian Safety Committee's actions list logs progress. New actions currently underway including Action 2022-015 - a full yellow line review and Action 2022-007 - new indicator signs to support the 20mph now in place.
A.07	Improving Wallingford Road access and safety	Implementation of Wallingford Rd to the station pavement improvement proposals.	Mobility Issues Group for Goring (MIGGS)/GPC	Ongoing, monthly at GPC meeting	Yes, from CIL and other sources if CIL funds are inadequate	2025 Update Significant progress has been made in 2024-25: - new double yellow lines at Lockstile Way to prevent commuter parking and changes elsewhere from double to single yellow lines to provide more parking; - new and increased space for 2 hour limited parking has been provided; - the pedestrian priority lane in Station Road is in place; - new flashing speed signs for the High Street and upgrading of signs for the school were installed The Committee has identified a number of measures to improve pedestrian safety and is discussing their implementation with OCC, prior to a pedestrian island at the High Street junction.
A.08	Stopping illegal use of the High Street by heavy goods vehicles	The Plan supports the monitoring and reporting of illegal HGV movements through Goring to enforce the 7.5 tonne weight restriction to deter HGV movements through the High Street. GPC, Streetley GPC and responsible bodies, namely Oxfordshire County Council and West Berkshire Council's Highways and Trading Standards Departments and Thames Valley Constabulary should devise a strategy to monitor and report offending HGVs.	GPC	3 monthly included in strategic project monthly progress report to GPC	Yes, from CIL and other sources if CIL funds are inadequate	2024 Update - the Travel and Transport Committee monitors construction developments giving rise to HGV traffic. 2025 update - the Committee continues to monitor speed and traffic; a community led speed watch group is in the process of formation. The Committee have considered the use of ANPR cameras to enforce illegal HGV movements but currently consider it impractical.
A.09	Sustainable village centre parking	A feasibility study supported by CIL funds accruing to GPC, should be commissioned to develop and consult on options for a sustainable village centre parking strategy. The aim will be to provide a sufficient number of suitably located and managed car parking spaces to sustain the long-term economic, social and environmental needs of Goring. The study should review on-and off-road parking.	GPC	3 monthly, and also included in strategic project monthly progress report to GPC	Yes, from CIL and other sources if CIL funds are inadequate	2024 update - the Traffic Management, Parking and Pedestrian Safety Committee have initiated a consultation as part of Station Rd Pedestrian safety with inclusion of a full yellow line review in line with sustainable parking. EV points will be added where possible. 2025 update - changes to parking restrictions to prevent commuter parking in Lockstile Way and, elsewhere, to provide more on-street parking spaces has been implemented and include the provision of a pedestrian priority lane in Station Road; - the Travel and Transport Committee are carrying out a review of off-street parking; - the provision of EV charging points is the responsibility of SODC. Travel and Transport Committee monitor progress.

Neighbourhood Plan section 13 - Local economy

A.10	Rejuvenation of goring village centre around the Arcade area	An initiative should be taken to redevelop all or the majority of this brownfield site comprehensively and sensitively, with the aim of regenerating the village centre, making it more attractive visually, strengthening the Goring Conservation Area and improving the economic sustainability of the village. Redevelopment could include a mixed retail, residential and office development and additional community facilities such as an outdoor meeting area. GPC will take advice and explore the feasibility of establishing a Neighbourhood Development Order for all or part of the area to secure the comprehensive redevelopment of this important site in the heart of the village for the future.	GPC	3 monthly, and also included in strategic project monthly	Yes from CIL and other sources if CIL funds are inadequate	no member has the expertise to take it forward. Willing property owners and an interested developer would need to be identified. There is also concern that in the current economic climate small shops might not survive any necessary temporary relocation. <u>There is currently no plan to progress this Action.</u>
------	--	---	-----	---	--	---

Goring-on-Thames Parish Council - Neighbourhood Plan Monitoring Report - Policies - May 2025

Policy Number	Policy Title	Measure, Indicator of Success or Key Milestones	Body Responsible for implementation of Policy	Timescale for Review	CIL or other funding required	Monitoring notes
Housing need						
P.01	Number of dwellings to be allocated.	Approximately 94 dwellings to be delivered on the five allocated sites (including 1 reserve site) during the plan period.	GPC Planning Committee and SODC Planning	Ongoing	No	On track to achieve 91 dwellings on four sites (including the GNP 6 'triangle' on Wallingford Rd), including the development of GNP8 (the reserve site) in lieu of GNP10 which has been retained for commercial use: - GNP2 - Completed - 14 dwellings built 2022; - GNP3 - 20 houses being built, 13 completed by April 2025 including 8 affordable houses remaining. In summer 2025, - GNP6 - main site, 44 dwellings. Approved by SODC Planning Committee in November 2024; planning permission pending (P20/S2488/FUL) awaiting S106 agreement; - GNP6 - triangle, planning permission granted for 3 houses (P22/S2363/FUL). Build expected to start in 2025; - GNP10 - (intended for approximately 14 houses in the NP) currently retained for commercial use; - Reserve site GNP8, planning permission applied for 10 houses following pre-application from SODC. Expected to be granted in 2025 (P24/S2192/FUL). Policy factored into GPC planning decisions on relevant applications.
P.02	Infill	All new planning applications for infill sites adhere to this policy and the other policies in the Plan.	GPC Planning Committee and SODC Planning	On submission of all relevant Planning applications	No	
P.03	Housing Mix	New builds on allocated sites in Goring will include at least 80% 1, 2 or 3-bedroom units including low cost/affordable accommodation and properties suitable for older people, built to accessible and adaptable dwelling standards (or built to lifetime living standards).	GPC Planning Committee and SODC Planning	Ongoing	No	GNP2: compliant - 4x2-bed, 10x3-bed = 100% 1-3-bed. GNP3: compliant - 9x2-bed, 8x3-bed, 3x4-bed = 85% 1-3-bed GNP6 main site: compliant - 27 market (7x2-bed, 11x3-bed, 4x4-bed, 5x5-bed), 17 affordable (4x1-bed, 11x2-bed, 2x3-bed) => 80% 1-3-bed GNP6 triangle: planning permission compliant as only 3 houses. GNP8: planning application compliant.
P.04	Housing for the elderly	Development of independent living for older people in mixed-age residential areas and development of purpose-built housing for people aged 55 and/or 75+ will only be supported where it can be shown that existing specialist provision in Goring: *has fallen below the proportions recommended by Oxfordshire County Council in the Strategic Housing Market Assessment operating at the time; and *Does not have sufficient capacity to meet demand from local residents.	GPC Planning Committee and SODC Planning	Ongoing	No	No such applications have yet been submitted.
P.05	Affordable housing	On all sites where there is a net gain of 6 or more dwellings at least 40% will be affordable.	GPC Planning Committee and SODC Planning	Ongoing	No	GNP2: compliant - paid £320k (see P18/s2308/RM Decision Notice). GNP3: compliant - 40% affordable. GNP6: main site planning application compliant: 17/44 = 39% affordable GNP8: 4/10, planning application compliant
P.06	Allocated site GNP2	The approved Master Plan for this site includes the site specific requirements defined in this policy.	GPC Planning Committee and SODC Planning	Ongoing	No	Site completed in accordance with NP and SODC Decision Notice.
P.07	Allocated site GNP3	The approved Master Plan for this site includes the site specific requirements defined in this policy.	GPC Planning Committee and SODC Planning	Ongoing	No	The whole site envisaged in NP has been submitted in two planning applications with different developers. Note that SODC have considered these two applications separately in their evaluations, the consequence being a reduction of one less affordable unit.
P.08	Allocated site GNP6	The approved Master Plan for this site includes the site specific requirements defined in this policy.	GPC Planning Committee and SODC Planning	Ongoing	No	GNP6 - main site, 44 houses - planning permission pending (P20/S2488/FUL) GNP6 - triangle, 3 houses - planning permission granted (P22/S2363/FUL)

P.09	Allocated site GNP10	The approved Master Plan for this site includes the site specific requirements defined in this policy.	GPC Planning Committee and SODC planning	Ongoing	No	Site retained for commercial use and currently not available for housing
P.10	Reserve site GNP8	The approved Master Plan for this site includes the site specific requirements defined in this policy.	GPC Planning Committee and SODC planning	Ongoing	No	GNP8: planning application awaiting approval because GNP10 is currently not available for housing development.
Landscape and biodiversity						
P.11	Conserve and enhancing Goring's landscape	No new planning applications are approved unless they adhere to this Policy and the other policies in the plan.	GPC Planning Committee and SODC planning	On submission of all relevant planning applications	No	Policy being taken into account for all planning applications reviewed by GPC Planning Committee.
P.12	Conserve and enhance biodiversity	All new planning applications demonstrate a net gain in biodiversity and include management plans to ensure biodiversity features are sustainable.	GPC Planning Committee and SODC planning	On submission of all relevant planning applications	No	This is included in the site specific conditions for each allocated site - see P.06 to P.10. These gains have been demonstrated for GNP3 and the GNP6 triangle to the satisfaction of SODC. GNP8 and GNP6 (main site) awaiting planning permission. A financial contribution was paid in lieu for GNP2.
Environmental impact						
P.13	Light pollution	All new Planning applications adhere to this Policy.	GPC Planning Committee and SODC planning	On submission of all relevant planning applications	No	This has been adopted for GNP2 and GNP3 and is being taken into account in the planning applications for GNP6 and GNP8.
P.14	Air quality pollution	All new Planning applications adhere to this Policy.	GPC Planning Committee and SODC planning	On submission of all relevant planning applications	No	No pollution source have been identified. This condition is checked by SODC.
P.15	Water, sewage and drainage	All relevant Planning applications adhere to this Policy.	GPC Planning Committee and SODC planning	On submission of all relevant planning applications	No	Reliant on Thames Water to confirm to SODC that this condition is met.
Building design						
P.16	Building Design principles	All new Planning applications adhere to this Policy and adhere to the SODC and Chiltern Design Guidelines.	GPC Planning Committee and SODC planning	On submission of all relevant planning applications	No	GPC takes this policy into account in its comments on all planning applications and then relies on SODC to ensure that this condition is met.
Heritage conservation						
P.17	Historic environment	Any planning applications involving designated heritage assets and their setting include plans to conserve and enhance them.	GPC Planning Committee and SODC planning	On submission of all relevant planning applications	No	No such applications have yet been made.
Social infrastructure						
P.18	Open Space, sport and recreation in new residential development	All new Planning applications adhere to this Policy.	GPC Planning Committee and SODC planning	On submission of all relevant planning applications	No	GNP6 will include a new childrens playground. To support the increase in population and change of demographics with more younger people in the village, GPC will use a combination of CIL, grants and fund raising to improve communal sports facilities. Plans are being advanced for new improved facilities on the three main recreation grounds in Goring, namely Bourdillon, Gardiner and Sheepcot. -Bourdillon, a new expanded childrens playground is being implemented and will be in service during the summer 2025. -Sheepcot, plans are being produced for an enhanced pavillion to improve facilities for football and tennis clubs. -Gardiner, plans for enhancing the existing childrens playground will be progressed in 2025 following the successful implementation of the new play area on Bourdillon.
Traffic - congestion and parking						
P.19	Adequate parking within new developments	Routine monitoring of parking provision in Planning applications. All new Planning applications adhere to this Policy.	GPC Planning Committee and SODC planning	On submission of all relevant planning applications	No	Adequate is defined as 'at least in line with Local Plan guidelines'. All allocated sites are compliant with this policy and GPC Planning Committee takes this into account for all planning applications it reviews.
Pedestrian and cycle routes						
P.20	Walking and cycling	Where possible, new Planning applications adhere to this Policy.	GPC Planning Committee and SODC planning	On submission of all relevant planning applications	No	GNP2 and GNP3 are compliant. It is a key consideration in the GNP6 planning application (with the pedestrian/cycling link to Springhill Rd).
