

APPENDIX P

NOTICE OF MOTION TO COUNCIL

To be referred to Committee (if yes, specify which)	No – Place & Assets Working Group have discussed already
Title of Motion	Parish Council Noticeboards Policy
Proposed by	Toby Thurston
Proposed Resolution	That the Council should continue to post printed paper notices of meetings, and (as space permits) other Parish notices such as job vacancies and meeting agendas in at least five official council noticeboards located around the village, in addition to making these notices available on the website.
Background (provided by the proposer)	The Council currently have five notice boards located around the village. 1. Outside Inspirations in the Arcade 2. Outside the Old Jubilee Fire Station 3. By the main entrance to Goring & Streatley Station 4. Outside Westholme Stores on Wallingford Road 5. At the junction of Elvendon Road and Icknield Road Since the council has moved out, the notice board outside the OJFS is no longer in use; as part of this motion, it is proposed that this notice board should be re-located to the Community Centre and brought back into use. The notice board at the railway station is smaller than the others, so it may be appropriate only to post summaries or short versions of notices in this board. It may also be appropriate to include contact details of key Parish Council staff on each notice board, plus a QR-code that links to the website.
Background (provided by the Proper Officer)	<i>OJFS board was marked as closed when we moved last October and at the time it was appropriate to designate our largest board in the arcade as our primary board – highly visible and very close to the new office.</i> <i>NB The station board is very small and we struggle to fit multiple agendas on it and we already have a notice of contact info inc QR codes on the boards.</i>
Financial implication (anticipated by the proposer)	Minor maintenance work to relocate the OJFS board to the Community Centre
Financial implications (anticipated by the Proper Officer)
